nuclear power plant emergencies or hazardous materials spills), human-caused (e.g., active shooter or hostage situations), and other disasters.

- Collaborate with local County Offices of Emergency Services, Cal OES and Public Health teams within DCRC's catchment area in the creation, development, education, training, and implementation of public disaster plans.
- Know each county's alert and notification systems and procedures, and ensure appropriate staff is educated on this as well.
- Participate in each county's emergency preparedness committees for AFN planning, coordinating, maintaining, and updating disaster plans, including internal and external event response.
- Provide warnings and emergency data to consumers and operations and technical support before, during, and after emergencies.
- Identify and maintain contact information for community response partners and identify how DCRC's consumers and the AFN community will be notified of an emergency/ crisis situation.
- Administer DCRC's Public Safety Power Shut Off response including back-up battery loan program by screening, administering distribution of batteries, and tracking battery loans.
- Develop and administer community education campaigns for disaster preparedness.
- Work with individual consumers to develop personal preparedness plans.
- Participate in training and exercises to practice/ test emergency plans with community partners or statewide exercises.
- Develop and prepare reports that fulfill grant contract requirements as outlined by the specific funding stream.
- Enters CIL Suite data regarding consumers who request ongoing services, documents services requested and services provided, and completes other paperwork and reports as required.

COMPETENCIES:

Knowledge of:

- Understanding how diverse cultures intersect with the cross-disability community.
- Independent living philosophy and principles.
- Working independently and as part of a team.
